Stephanie – Attached is the revised SOW that incorporates the verbal feedback received from you on the previous 2/27 version of the draft SOW. This version reflects the edits to the 2/27 version using RLSO, and if you'd like a clean version or native Word file, just let me know. Given this SOW will eventually be attached to the Order, and we are getting closer to agreeing on this document, we look forward to receiving a draft Order from EPA as soon as possible so we can move these two products to "final" in parallel. We thought it might be prudent to get together in person when we are in NYC during the week of April 8<sup>th</sup>. Perhaps late afternoon on Wednesday the 10<sup>th</sup> could work for your team if a few NCG folks head your way? Alternatively, maybe we could meet in advance of our in-person monthly meeting on the morning of the 11<sup>th</sup> – although our preference would be for late the afternoon of the 10<sup>th</sup> if that could work for your team. Thanks, Tom
